1. More than 30 twin-engine aircraft and a biplane were parked in front of the hangars of the Werneuchen(N 53/V 06) airfield. In the morning two planes dropped bombs over an area east of the field. The planes may have been stationed at another field. No motor vehicles were seen.
2. In a woods north of the field there was a large fenced-in depot with three cantonment buildings and eight large containers, each 2 meters in diameter and 3 meters above the surface. Local residents said that the depot was a bomb dump.
